

KT-LUNA-1801: Waterproof speaker with ambient light

Enhance your outdoor audio experience with our innovative waterproof speaker, complete with ambient lighting. Perfect for any outdoor setting, this speaker is designed to withstand the elements, ensuring your music continues to play, rain or shine. The unique 360-degree design allows for a rich, full-bodied sound to be enjoyed from every angle, creating an immersive audio environment that brings your favourite tunes to life.

This speaker is not just about sound; it also features integrated ambient lighting, adding a touch of elegance and atmosphere to your outdoor gatherings. Whether you're hosting a backyard barbecue or enjoying a peaceful evening under the stars, the soft, glowing light complements the mood while the music plays.
